

An Elementary School Counselor Believes...

- Students have dignity and worth as human beings.
- Students learn best when they feel good about themselves and their relationships with others.
- Students who understand their feelings are better able to control their own behavior.
- Students are capable of making responsible choices.
- Attitudes formed during elementary school shape future attitudes toward learning, self, and society.

Considering the above beliefs, all Students deserve to have elementary counseling and guidance services available to them, not just in a crisis situation.

An Elementary School Counselor Helps . . .

- Students develop a better understanding and acceptance of themselves.
- Students cope with family changes.
- Students develop decision-making and problem solving skills.
- Students develop socially and emotionally, to mature in their relations with others.
- Students understand themselves and career choices available.
- Parents understand their child's emotions, behaviors, and learning styles and assist them in meeting their child's needs.
- Teachers and administrators understand and meet the needs of all students in intellectual, personal, social, and emotional areas.
- Parents and teachers create a positive learning environment.

Dear Parent/Caring Adult:

I am aware that as a counselor, I am only one member of a very important team that comes into contact with your child. This team is made up of you as parents and caring adults, the teachers and other school personnel.

I have a Master's degree in counseling and am certified by the state of Colorado. I come to this team with special skills in human relations and problem solving.

I work with children individually and in small groups. I lead classroom lessons. I also work with teachers, specialists and our principal, Mrs. Rigg, helping them in their work with children.

*I am one member of the team who can help your child have a positive school experience. As a parent/caring adult, **you are the most important person in your child's life.** We know that you care and are concerned about your child's progress in school. We care and are concerned, too.*

Please feel free to call if I can be of help to you or your child during the school year.

Mrs. Brady
